SPRING 2011 CATALOG

Dear Dahlia Friends,

Welcome to Arrowhead Dahlias. This will be our 11<sup>th</sup> year selling dahlia tubers. Our farm is located on the eastern plains of Colorado, about 35 miles northeast of Denver. We welcome anyone passing through our area to stop by and see our garden. The middle of August through late September is prime time in Colorado to check out the many dahlia blooms. Please just give us a call and set up a time to stop in. Also, you can visit our website to see all the pictures and to check availability of dahlias.

To the best of my knowledge the tubers are true to name and disease free. Tubers are guaranteed to have a least one live eye. If there is a problem please let us know. We cannot be responsible for bad weather conditions or poor gardening practices.

To our returning customers and also to those ordering for the first time, thank you for supporting our family business. Also, thanks to our parents and the Colorado Dahlia Society members for their support. We wish everyone a safe and wonderful holiday season and a prosperous 2011 dahlia year.

Sincerely,

Calvin & Julie Cook

## 2011 INTRODUCTIONS

**COLORADO MOONGLOW BB FD Y**

Light yellow blooms reflex to the stem. C. Moonglow produces lots of blooms and is a very good cut flower. \$8.00
